

# SPANISH IBEX:

## GREDOS IBEX:

It has the typical lira form with a strong growing curve in its horns.  
**Season:** September through June.

MR. DANIEL SMITH

MR. GARY BOGNER

## BECEITE IBEX:

The horns have a wide spread configuration, the growing is like a fountain.  
**Season:** October through May.

MR. DONALD WENNER JR

MR. JERRY BRENNER
